

STATEMENT OF APPRECIATION TO

SPM S.P.A. & Silvano Vidori

The entire organising committee of the FIS Snowboard World Cup Carezza is thankful for the good cooperation and at the same time proud to have a partner like you at our side. The races were a complete success, that is also confirmed by the great TV pictures and the praising words of the athletes, coaches and officials. With the use of your equipment and the dedicated support you contributed significantly to a more professional appearance of our event.
